Young Leaders' Program (School of Government) Curriculum Guidelines

I Basic Concepts

1. Each subject will deal with theories based not only on the experiences of the so-called modern Western World, but also on those concerned with the historical experiences of Japan and other non-Western countries. While analyzing commonalities in the modernization process along with its various possibilities, the courses seek to find the most desirable method for each country's modernization. (Comparative Approach)
2. Through modernization, our thoughts and ideas undergo deep transformations. However, the curriculum will not be concerned with modern ideas alone, but will also incorporate basic premises from the classical civilizations and ideas of the great thinkers. (Emphasis on liberal arts education aiming at self-relativization and critical thinking)
3. Going beyond instruction that is related to skills and knowledge, the curriculum will emphasize the fostering of students' ideas; identifying problems; and developing the ability to arrive at their own solutions. (Emphasis on discussion and self-study)
4. Through encounters with leading figures from all areas (including other promising young students), the curriculum aims to create human networks and further understanding about Japan.
5. By offering a broad range of courses, the curriculum encourages students to establish policymaking abilities required of national leaders who are knowledgeable in a broad range of areas.

I INFORMATION CONCERNING RECRUITMENT OF STUDENTS

1 Number of Scholarship Recipients

In YLP there are five courses, and each course will accept 10 to 20 students in total. Available courses vary by country.

Depending on the situation of the Japanese Government's budget, the number of students to be accepted and the scholarship conditions could differ from those described in the Application Guidelines of each course.

2 Important Points on Eligibility Requirements and Application Procedures

- (1) Applicants must have graduated with excellent grades from a university and be able to study in a Japanese university for one year.
- (2) Applicants must meet all qualifications and requirements stated in the Application Guidelines of each course. The requirements must be observed strictly and any personal exceptions will not be allowed.
- (3) The number of grantees is limited and all candidates will be evaluated comparatively. Therefore, candidates who meet all qualifications still might not be selected. (It is also possible that none of the candidates from your institution will be selected.) Please take this point into consideration when recommending candidates.
- (4) Some students in the past returned to their respective home countries without completing the program due to mental or physical problems. In addition, some students required long-term treatment because they had come to Japan without completely curing infectious diseases such as tuberculosis, hepatitis, typhus, malaria, dysentery, and so on. With due consideration given to the fact that the students will be staying for a long period in a country with a very different environment from that in the home country, please make very sure of the student's medical condition (including past medical history), and try to ensure that any student with an illness requiring treatment receives such treatment before coming to Japan.

- (5) Military personnel or military civilian employees at the time of their arrival in Japan and/or during the period of the payment of the scholarship are not eligible.
- (6) Additional epidemic prevention measures or program changes will be made depending on the infectious quarantine control measures.

3 Notice Method

Each institution can decide how to notify students about this Scholarship. However, the notification should be done in the most effective way in order to ensure that outstanding students will apply for the Scholarship.

Application Guidelines may be obtained from the Embassy of Japan, or can be downloaded from the MEXT's website: <http://www.mext.go.jp/en/policy/education/highered/title02/detail02/sdetail02/sdetail02/1374094.htm>

In addition, applicants should be instructed to seek information about the universities offering YLP courses through their brochures or websites. (Please see the Application Guidelines of each course for the relevant URLs.)

4 Acceptance of Application Forms

Please make sure that applicants observe the application period strictly and submit the necessary number of documents (including copies of documents). The recommending institution must verify if all applications are completed correctly and not lacking any necessary documents. Please accept the application forms only when necessary corrections are made by the applicants. On acceptance, please make sure particularly following points.

(1) The language and translations

Documents must be filled out or written in English. Attach an English translation if they are written in another language.

(2) Documents to be submitted

(b) Certified grade transcripts for each academic year

Transcripts of the certified grades earned by the applicant in all the subjects studied for each academic year at the student's undergraduate and/or graduate schools are necessary (A degree certificate or a graduation certificate simply showing the ranking of the applicant at graduation will not substitute for academic transcripts. The transcripts must show the grade scale applied.). If the transcript is not duplicable, a certified true copy of the original transcript should be submitted. Every year there are many incomplete applications that the original transcripts are not attached or the submitted copies are not verified. Please read the Application Guidelines carefully.

(c) Recommendation letters

Please make sure to issue recommendation letters from your institution for the applicant. There are many cases that such letters are not attached. In a letter, there should be included detailed description of the applicant's personality such as academic ability, motivation for studying in Japan and Japanese language, experience of study abroad.

For 'Recommendation Letter from the applicant's direct superior at work' and 'Recommendation Letter from the applicant's superior at work or supervising professor of the university', only those written on the prescribed forms will be accepted. Please make sure that applicants submit all of two letters.

(d) Certificate of health

Applicants must use the prescribed form and have the doctor fill out all items in the form. Recommending institutions must choose medical institutions for the physical examination.

In the past, some students were affected with illness such as tuberculosis and mental disorder after arriving in Japan even though they have not stated having any illness at the interview conducted by recommending institutions. Please take this fact into account when you interview and examine applicants. Please mention in the recommendation letter when there are applicants with disabilities and need special care to study in Japan.

(5) Incomplete application documents

Application documents not completed fully and correctly or lacking necessary documents will not be accepted. If applicants cannot get any of necessary documents because of the circumstances in their home countries, such documents could be substituted by the ones certified to be true by the issuing authority, the government in their home countries or the Embassy of Japan.

5 Applicants Staying in Japan

Recommending institutions can decide whether they permit exceptionally the application of people already staying in Japan, but applicants living in their home countries have priority over those people. However, those who have been currently enrolled in a Japanese university with a status of residence of "Student" and those who are enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of application to the beginning of the scholarship payment are not eligible.

II SELECTION OUTLINE

The candidates to be recommended to MEXT through the Embassy of Japan and the Japanese Ministry of Foreign Affairs should be selected in accordance with the following method.

In case some of the necessary documents are lacking and need to be submitted later, please make sure to confirm the deadline with the Embassy of Japan. If the document is not submitted by the deadline, or cannot be expected to be ready, it will be considered as "unaccepted" (impossible to recommend).

IV SELECTION AND ANNOUNCEMENT OF RESULT

1 First Screening

The candidates who are recommended by each recommending institution are selected by the universities offering YLP courses in the First Screening. The selection will be based on the submitted documents and a face-to-face or telephone interview. The universities will recommend candidates to the YLP committee established in MEXT, based on the results of the First Screening.

2 Second Screening

The YLP committee conducts the Second Screening for the candidates recommended by the universities.

3 Announcement of Result

After the Second Screening process, the final selection results will be notified to each recommending institution through the Embassy of Japan. The recommending institutions notify the results to their candidates, and confirm the successful candidates their intention to enroll the accepting university by submitting a designated form of Pledge to the Embassy of Japan.

4 No objection is permitted

The recommending institution must explain to the successful candidates that any objection to the decision on the university placement or course will not be accepted when notifying the results.

5 In Case of Withdrawal

If a successful candidate expresses withdrawal from this program, the recommending institution asks him/her to contact the Embassy of Japan with the letter containing the reason for withdrawal and his/her signature. The withdrawal will be notified to the accepting university via the Embassy of Japan, the Ministry of Foreign Affairs and MEXT.

6 Waiting List

When the number of successful candidates is less than the prescribed number because of withdrawals etc., there is a possibility that candidates on the Waiting List will additionally pass the Selection. The candidates to be put on the Waiting List will be chosen by the YLP committee during the Second Screening, and the YLP committee will not choose any more candidates after the Second Screening.

The accepting university will contact the successful candidates from the Waiting List to confirm their intentions to enroll the university. Once confirmed, the official result will be notified to the recommending institution via the Embassy of Japan.

V PROCEDURES AFTER SELECTION

Selected students (grantees) may cause various problems after coming to Japan because of their lack of knowledge or misunderstanding of procedures for coming to Japan. Please pay particular attention to the following points. If there are any questions about procedures after selection, please inquire the Embassy of Japan.

1 Visa Issuance

A 'Student' visa will be issued by the Embassy of Japan in each grantee's country to the grantee upon his/her application for visa issuance.

2 Airline Ticket

- (1) MEXT stipulates the travel schedule and route, and provides the grantee via the Embassy of Japan an economy-class airline ticket for the flight from the international airport closest to grantee's residence (in principle, the country of nationality) to Narita International Airport or any other international airport used on the normal route to the accepting university. In principle, the address in the country of the grantee's nationality stated in the application form shall be recognized as his/her "residence." However, if the address stated in the form is decided to be changed at the time of departure from his/her country, the new address within his/her home country will be regarded as his/her "residence".
- (2) The provided airline ticket has a fixed date and flight number. Visiting relatives or friends, staying for sightseeing, research or short visit, etc. on the way to Japan are not permitted.
- (3) The departure date and flight are fixed due to hotel arrangements at a stopover location, flight transfer circumstances, arrival procedures, and residency arrangements. Therefore, change of the ticket date by the grantee is not permitted.
- (4) The provided airline ticket cannot be transferred to another person, nor can it be exchanged for money. Furthermore, the grantee shall bear at his/her own expense all costs related to domestic travel from the grantee's residence to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within Japan (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc.
- (5) The airline ticket will only be provided for the grantee. Family members or others who may accompany the grantee to Japan will not receive any travel or other funds.

3 Date of Arrival in Japan

- (1) The arrival period will be designated by the accepting university within two weeks before and after the starting date of the course.
- (2) If the grantee intends to arrive in Japan before the arrival period designated by the university, the scholarship for that month will not be paid.
- (3) The airline ticket will not be provided to any grantees who intend to come to Japan before/after the designated date by MEXT without permission, and there will be no refund after arrival. The grantee will be treated as a student of this program only after the arrival date designated by MEXT. Therefore, if a grantee intends to come to Japan before the designated date, he/she must bear the responsibility for travel arrangements, entrance procedures and living arrangements after arrival.
- (4) In principle, the change of grantee's arrival date and flight will not be permitted. However, if any change is required due to unavoidable reasons for him/her, please contact MEXT through the Embassy of Japan. In such a case, the grantee must wait for the contact from MEXT after all the procedures including residence arrangements, etc., are rescheduled. In Japan, all courses will begin right after the arrival date. In case of arrival delay, there is a possibility that the acceptance to this program will be revoked.

- (5) If the travel agency demands payment for the difference of flight fee due to any departure or flight changes and if the grantee pays at the moment of departure, no refund will be given after arrival. Therefore, when any changes occur, please contact the Embassy of Japan to find out the necessary procedures before departure.

4 Withdrawal or Revocation of Acceptance

- (1) If a grantee cannot arrive within the designated arrival period, it will be a great hindrance to the grantee's education at the university as well as the research program. In this case, the acceptance to this program might be revoked.
- (2) If a grantee withdraws from the program after receiving the airline ticket, MEXT will collect it through the travel agency.
- (3) If a recommending institution sends many grantees that withdraw from this program or return to their home country due to personal reasons in the middle of the program, the institution's participation as a recommending institution will be reconsidered. Therefore, when recommending candidates, please make sure to guide them not to withdraw from the program as much as possible.

5 Students Accompanied by Family Members

- (1) If a grantee wishes to be accompanied by his/her family members, the recommending institution must ask the grantee to inform it to the accepting university before departure. If the family members wish to accompany the grantee, they must be informed that there will be no increase of the scholarship and no traveling fee for the family members.
- (2) Immigration procedures for the family members will be completely different from those for the grantee. Therefore, please make sure to ask the Embassy of Japan about necessary procedure to obtain the visa for the family members before departure.

6 Guidance before Departure Date

As the Embassy of Japan will hold an orientation session before departure, the recommending institution must ask the grantees to participate in the orientation.
