Outline of Young Leaders' Program

1. Objectives

The Young Leaders' Program (YLP) is one of the Japanese Government (MEXT) Scholarship Programs commenced in 2001. YLP aims to contribute to cultivate future national leaders in Asian and other countries, moreover, to contribute to establish friendly relationship among various countries and to improve policy planning activities by forming a network among national leaders through deepening their understanding of Japan.

2. Eligible Countries and Participants

Young public administrators, business managers and legal professionals who are expected to play active roles as future national leaders in Asian and other countries have an eligibility to apply for the YLP program. (See below 3 for Courses, Host Universities and details about eligible participants.)

3. Courses and Host Universities

There are five courses in the YLP Program (Government, Local Governance, Business Administration, Law and Healthcare Administration). All courses commence in September or October, and offer a one-year master's program conducted in English. Students who complete the course are awarded a Master's Degree. The host universities of the courses are as follows:

Courses	Host Universities	Number of Accepted Students Per Year	Eligible Participants (Professional Experience*)
School of Government	National Graduate Institute for Policy Studies (GRIPS)	20	Those who have at least 3 years of full-time work experience (preferably 5 years or more) in public administration
School of Local Governance	National Graduate Institute for Policy Studies (GRIPS)	10	Those who have at least 3 years of full-time work experience (preferably 5 years or more) in public administration
Business Administration	Hitotsubashi University	15	Entrepreneurs, business managers and public officials who have at least 2 years of full-time work experience
Law	Kyushu University	15	Those who have in principle 4 years of work experience in a law office or in the legal section of a company or government department
Healthcare Administration	Nagoya University	10	Those who have at least 3 years of full time working experience in healthcare fields in public sector at government department

* Please find more details about eligibility of applicants from the Application Guidelines of each course.

4. Recruitment and Selection

The recruitment of applicants and nomination of candidates to the Embassy of Japan are conducted by the recommending institutions (*). Subsequently, the selection is conducted in the following process.

(1) First screening by the host universities (through document screening and interview)
(2) Second screening by the YLP Committee established by MEXT
(3) Finalization of selection results by MEXT

(*) Roles of Recommending Institutions

Recommending institutions are government bodies and relevant organizations in the eligible countries qualified by MEXT to take roles of recruitment and nomination of candidates to the YLP program. MEXT also designates courses of which each recommending institution can nominate candidates. The roles of recommending institutions in the process of recruitment and nomination are as follows (See 'GUIDELINES FOR JAPANESE GOVERNMENT (MEXT) SCHOLARSHIP FOR 2026: YOUNG LEADERS' PROGRAM (YLP) STUDENTS' for more details.):

- Notification about the YLP Program and acceptance of applications
- Selection of candidates to be recommended
- Recommendation of candidates to the Embassy of Japan
- Notification of results to candidates

5. Scholarship Benefits for YLP Students (2027)

(1) Allowance: 242,000 JPY per month
(2) Education Fees: Fees for tuition, matriculation and entrance examination are exempted.
(3) Traveling Costs: Airline tickets from his/her home country to Japan and vice versa are provided.

April	MEXT notifies the institutions of the results through the Embassy of Japan.
August-September	MEXT provides airline tickets to the grantees through the Embassy of Japan.
September-October	Students arrive in Japan.

*Note: This schedule is preliminary. Detailed schedules will be announced separately through the Embassy of Japan in your country.

I INFORMATION CONCERNING RECRUITMENT OF STUDENTS

1 Number of Scholarship Recipients

In YLP there are five courses, and each course will accept 10 to 20 students in total. Available courses vary by country.

Depending on the situation of the Japanese Government's budget, the number of students to be accepted and the scholarship conditions could differ from those described in the Application Guidelines of each course.

2 Important Points on Eligibility Requirements and Application Procedures

(1) Applicants must have graduated with excellent grades from a university and be able to study at a Japanese university for one year.

(2) Applicants must meet all qualifications and requirements stated in the Application Guidelines of each course. The requirements must be observed strictly, and any personal exceptions will not be allowed.

(3) The number of grantees is limited, and all candidates will be evaluated comparatively. Therefore, candidates who meet all qualifications still might not be selected. (It is also possible that none of the candidates from your institution will be selected.) Please take this point into consideration when recommending candidates.

(4) Some students in the past returned to their respective home countries without completing the program due to mental or physical problems. In addition, some students required long-term treatment because they had come to Japan without completely curing infectious diseases such as tuberculosis, hepatitis, typhus, malaria, dysentery, and so on. With due consideration given to the fact that the students will be staying for a long period in a country with a very different environment from that in the home country, please make very sure of the student's medical condition (including past medical history), and try to ensure that any student with

an illness requiring treatment receives such treatment before coming to Japan.

(5) Military personnel or military civilian employees at the time of their arrival in Japan and/or during the period of the payment of the scholarship are not eligible.

(6) Make sure applicants are not applying for another program for which scholarship payments will begin in fiscal year 2027 through the Japanese government, including the Project for Human Resource Development Scholarship (former Japanese Grant Aid for Human Resource Development Scholarship (JDS)).

3 Notification Method

Each institution can decide how to notify students about this Scholarship. However, the notification should be done in the most effective way in order to ensure that outstanding students will apply for the Scholarship.

Application Guidelines may be obtained from the Embassy of Japan or can be downloaded from MEXT's website.
https://www.mext.go.jp/en/policy/education/highered/title02/detail02/sdetail02/sdetail02/1374094.htm

In addition, applicants should be instructed to seek information about the universities offering YLP courses through websites of each university. (Please see the Application Guidelines of each course for the relevant URLs.)

4 Acceptance of Application Forms

Please make sure that applicants observe the application deadline strictly and submit all the necessary documents with the letter of recommendation issued by the institution itself (including required copies of documents). The recommending institution must verify whether all application forms are completed correctly and not lacking any necessary documents. Please accept the application forms only when any necessary corrections are made by the applicants. When accepting the applications, please make particularly sure of the following points.

(1) Language and translations

Documents should be filled out or written in English. Attach an English translation if they are written in another language.

(2) Documents to be submitted

(a) Application form

(i) The prescribed forms for this year must be used for application. Please fill out the forms clearly (especially the applicant's name) and put the application form and all other necessary documents for each applicant together into one envelope.

(ii) In the column for 'Educational Background', please write the names of the schools or institutions that the applicant attended in the spaces for 'Elementary Education', 'Secondary Education' and 'Higher Education' which correspond to the Japanese education system of 'Elementary Education - Elementary School', 'Secondary Education - Lower/Upper Secondary School' and 'Higher Education - Undergraduate/Graduate school'.

*Note: Please write the exact number of years that the applicant was enrolled in each institution. If an applicant skipped a year in any school or institution, it must be mentioned.

(b) Certified grade transcripts for each academic year

Certified transcripts of the grades earned by the applicant in all the subjects studied for each academic year at the student's undergraduate and/or graduate schools are required. (A degree certificate or a graduation certificate simply showing the ranking of the applicant at graduation will not substitute for academic transcripts. The

transcripts must show the grade-scale applied.) If the transcript is not duplicable, a certified true copy of the original transcript should be submitted. Every year there are many cases in which the original transcripts are not attached or the submitted copies are not verified. Please read the Application Guidelines carefully.

(c) Recommendation letters

Please make sure to issue recommendation letters from your institution for the applicant. There are many cases in which such letters are not attached. In the letters, there should be included a detailed description of the applicant's personality, academic ability, motivation for studying in Japan and the Japanese language, and experience of study abroad.

For the 'Recommendation Letter from the applicant's direct superior at work' and the 'Recommendation Letter from the applicant's superior at work or supervising professor at the university', only those written on the prescribed forms will be accepted. Please make sure that applicants submit both of the letters.

(d) Certificate of health

Applicants must use the prescribed form and have the doctor fill out all items in the form. Recommending institutions must choose medical institutions for the physical examination.
In the past, some students were affected by illnesses such as tuberculosis and mental disorders after arriving in Japan even though they were certified as having no history of such illnesses in their medical certificates. Please take this fact into account when interviewing and examining applicants. Please also mention in the recommendation letter if there are applicants with disabilities, who need special care to study in Japan. If there is a change in the health condition of an applicant (including any major changes relating to their life plan) after the applicant has submitted his/her health certificate, please promptly provide this information with the Embassy of Japan located in the applicant's country of nationality since it concerns the acceptance system of the accepting university and Japanese medical institutions.

(e) Graduation certificate (English translation must be attached)

A graduation certificate from graduate and/or undergraduate schools must be submitted. Every year there are many cases in which the original certificates are not attached or the submitted copies are not certified. Please read the Application Guidelines carefully.

(f) An essay of 3 pages explaining reason for application and future plans

An essay within 3 pages must be submitted. In the essay the reason for application and the applicant's future plans after the completion of YLP must be explained concisely and concretely.

(g) Certificate of English proficiency

Every year there are many cases of certificates of English proficiency not being submitted. Please make sure that applicants submit them.

(3) Document numbering

The Application Guidelines require applicants to write the document number in the upper right-hand corner of the documents. In case the document numbers are not indicated by applicants, the recommending institution should indicate the numbers on the documents accordingly.

(4) Incomplete application documents

Application documents not completed fully and correctly or lacking necessary documents will not be accepted.

If applicants cannot get any of the necessary documents because of the circumstances in their home countries, such documents could be substituted by the ones certified to be true by the issuing authority, the government in their home countries or the Embassy of Japan.

5 Applicants Staying in Japan

Recommending institutions can decide, in exceptional cases, whether to accept applications from individuals already residing in Japan. However, it should be noted that applicants residing in their home countries are given priority over such individuals. Furthermore, those who have been currently enrolled in a Japanese university with a status of residence of "Student" as well as those who are enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of the application period to the beginning of the scholarship payment are not eligible.

However, this stipulation does not apply to privately-financed international students who, even though they are enrolled, or are planning to enroll, in a Japanese university, verifiably complete their studies before the start of the scholarship payment period, return to their home country (leave Japan) at the time of the scholarship application, and newly obtain a "Student" visa as a MEXT Scholarship student and acquire the status of residence "Student" upon entry to Japan.

II SELECTION OUTLINE

The candidates to be recommended to MEXT through the Embassy of Japan and the Ministry of Foreign Affairs of Japan should be selected in accordance with the following method and criteria.

1 Method of Selection

Each recommending institution can use a selection method decided at their own discretion, but they are asked to examine accurately each applicant’s English ability, personality, reasons for applying, etc. in full consideration of the objectives and characteristics of each course.

2 Criteria for Selection

Candidates must meet the following criteria along with the required qualifications:

(1) Candidates must have excellent grades and have the ability to study the major course they wish to pursue;
(2) Candidates must be physically and mentally healthy (Special attention should be paid to those with pre-existing conditions such as mental disorders, malaria, tuberculosis, diabetes, hepatitis, etc., as they often develop such conditions after coming to Japan.);
(3) Candidates must have a verifiable identity;
(4) Candidates must be able to easily adapt to an unfamiliar environment and a different culture;
(5) Candidates must have a rich international cultural understanding;
(6) Candidates must not have Japanese nationality (even if you have another nationality);
(7) Candidates must not be military personnel or military civilian employees;
(8) Candidates must not be currently enrolled in a Japanese university with a status of residence of “Student” or enrolled or scheduled to be enrolled as a privately financed international student during the period from the beginning of application to the beginning of the scholarship payment. However, this stipulation does not apply to privately-financed international students who, even though they are enrolled, or are planning to enroll, in a Japanese university, verifiably complete their studies before the start of the scholarship payment period, return to their home country (leave Japan) at the time of the scholarship application, and newly obtain a "Student" visa as a MEXT Scholarship student and acquire the status of residence of "Student" upon

entry to Japan;

Please do not recommend applicants who obviously will have difficulty in continuing their studies for the required period of time after coming to Japan (e.g., those who have to do military service, etc.).

III RECOMMENDATION OUTLINE

The nomination of candidates should be made by the recommending institution with their completed application documents by the date designated by the Embassy of Japan. It is the responsibility of the recommending institution to ensure that all necessary documents are provided by the deadline.
In case some of the necessary documents are lacking and need to be submitted later, please make sure to confirm the deadline with the Embassy of Japan. If the document is not submitted by the deadline, or cannot be expected to be ready, the application will be considered as "unaccepted" (impossible to recommend).

IV SELECTION AND ANNOUNCEMENT OF RESULT

1 First Screening

The candidates who are recommended by each recommending institution are selected by the universities offering YLP courses in the First Screening. The selection will be based on the submitted documents and a face-to-face or telephone/online interview. The universities will recommend candidates to the YLP committee established in MEXT, based on the results of the First Screening.

2 Second Screening

The YLP committee conducts the Second Screening for the candidates recommended by the universities.

3 Announcement of Results

After the Second Screening process, the final selection results will be notified to each recommending institution through the Embassy of Japan. The reasons for the results will not be disclosed. The recommending institutions then notify the results to their candidates, and confirm with the successful candidates their intention to enroll at the accepting university by submitting a Pledge in the designated format from the candidate to the Embassy of Japan.

4 No objection is permitted

The recommending institution should explain to the successful candidates that any objection regarding the decision of the host university or course of study will not be accepted when notifying them of the results.

5 In Case of Withdrawal

If a candidate expresses an intention or wish to withdraw from this program, the recommending institution should confirm the reason for withdrawal and contact the Embassy of Japan with a letter from the candidate containing the reason for the withdrawal and his/her signature. The withdrawal will be notified to the accepting university via the Embassy of Japan, the Ministry of Foreign Affairs of Japan and MEXT.

6 Waiting List

When the number of successful candidates is less than the prescribed number because of withdrawals etc., there

is a possibility that candidates on the Waiting List will additionally be accepted for Selection. The candidates to be put on the Waiting List will be chosen by the YLP committee during the Second Screening, and the YLP committee will not choose any more candidates after the Second Screening.

The accepting university will contact the successful candidates on the Waiting List to confirm their intention to enroll at the university. Once confirmed, the official result will be notified to the recommending institution via the Embassy of Japan.

V PROCEDURES AFTER SELECTION

In order to prevent various problems after arrival in Japan caused by grantees with insufficient knowledge or misunderstanding of procedures, the following points, in particular, should be fully informed to all selected students. If there are any questions about procedures after selection, please make an inquiry to the Embassy of Japan.

1 Visa

Applicants are required to apply for a “Student” visa at the Japanese diplomatic mission located in their home country (in principle, at the embassy or consulate with jurisdiction over their place of residence) and obtain a "Student" visa.

2 Airline Ticket

(1) MEXT stipulates the travel schedule and route, and provides the grantee via the Embassy of Japan an economy-class airline ticket for the flight from the international airport closest to the grantee’s residence (in principle, the country of nationality) to Narita International Airport or any other international airport used on the normal route to the accepting university. In principle, the address in the country of the grantee’s nationality stated in the application form shall be recognized as his/her “residence.” However, if it is certain that the address stated in the form will be changed at the time of departure from his/her country, the new address within his/her home country will be regarded as his/her “residence”.

(2) The provided airline ticket has a fixed date and flight number. Even if it is a transit point, staying for purposes such as visiting relatives or acquaintances, sightseeing, tours, or research during your journey to Japan is not permitted.

(3) The departure date and flight are fixed taking into account hotel arrangements at a stopover location, flight transfer circumstances, arrival procedures, and residency arrangements. Therefore, change of the ticket date by the grantee is not permitted.

(4) The provided airline ticket cannot be transferred to another person, nor can it be exchanged for money. Furthermore, the grantee shall bear at his/her own expense all costs related to domestic travel from the grantee’s residence to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within Japan (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc.

(5) The airline ticket will only be provided for the grantee. Family members or others who may accompany the grantee to Japan will not receive any travel expenses or other funds.

3 Date of Arrival in Japan

(1) The arrival period designated by the accepting university will be a period within two weeks before and after the starting date of the course.

(2) If the grantee intends to arrive in Japan before the arrival period designated by the university, the scholarship for that month will not be paid. In addition, if the student is enrolled after the second day of the month, the student should be informed that the scholarship will not be paid for that month.
(3) The airline ticket will not be provided to any grantees who intend to come to Japan before/after the date designated by MEXT without permission, and there will be no refund after arrival. The grantee will be treated as a student of this program only after the arrival date designated by MEXT. Therefore, if a grantee intends to come to Japan before the designated date, he/she must bear the responsibility for travel arrangements, entrance procedures and living arrangements after arrival.
(4) In principle, the change of grantee's arrival date and flight will not be permitted. However, if any change is required due to unavoidable circumstances for the grantee, please contact MEXT through the Embassy of Japan. In such a case, the grantee must wait for the contact from MEXT after all the procedures including residence arrangements, etc., are rescheduled. In Japan, all courses will begin right after the arrival period. In case of an arrival delay, there is a possibility that the acceptance to this program will be revoked.
(5) If the travel agency demands payment for the difference of the flight fee due to any departure or flight changes made by the grantee without permission and if the grantee pays at the moment of departure, no refund will be given after arrival. Therefore, when any changes occur, please contact the Embassy of Japan to find out the necessary procedures before departure.

4 Withdrawal or Revocation of Acceptance

(1) If a grantee cannot arrive in Japan within the designated arrival period, it will be a great hindrance to the grantee's education at the university as well as the research program. In this case, the acceptance to this program might be revoked.
(2) If a grantee withdraws from the program after receiving the airline ticket, MEXT will collect it through the travel agency.
(3) If a recommending institution has many grantees that withdraw from this program or return to their home country due to personal reasons in the middle of the program, the institution's participation as a recommending institution may be reconsidered. Therefore, when recommending candidates, please make sure to guide them not to withdraw from the program except in unavoidable circumstances.

5 Students Accompanied by Family Members

(1) If successful applicants wish to bring their family members with them, they are requested to inform and consult with their host university prior to departure. The scholarship will not be increased, and no allowances or subsidies will be provided for travel, living, or medical expenses for accompanying family members. Since it is extremely difficult to secure accommodations for family members, it is necessary for the family members to be brought to Japan only after the applicant has arrived in Japan and is ready after consulting with the university. The rules for bringing family members to Japan vary depending on the host university's system, so please make sure to check the application guidelines for the course to which you are applying in advance. If there is anything unclear, please check with the host university in advance, even before the selection is made.
(2) Immigration procedures for the family members will be completely different from those for the grantee. Therefore, please make sure to ask the Embassy of Japan about necessary procedures for the family members before departure.

6 Guidance before Departure Date

When the Embassy of Japan holds an orientation session before departure, the recommending institution must inform the grantees to participate in the orientation.

7 Unavoidable Circumstances

In the event of unavoidable or unforeseen circumstances, the Japanese Government reserves the right to change or cancel the arrival date, scholarship, and contents of the application guidelines herewithin, at any time before or after notification of the results of the final selection.

Unavoidable Circumstances are defined as events whose effects could not reasonably be prevented or controlled by MEXT or the Ministry of Foreign Affairs (including Embassies and Consulates General of Japan) including but not limited to acts of God, acts of government (including local governments, hereafter referred to as "government"), acts of government authorities (including limitations on travel or immigration enacted by the Japanese government or other foreign countries' governments due to the outbreak of infectious disease), compliance with law, regulations or orders, fire, flooding and torrential rain, earthquakes, acts of war (regardless of a declaration of war), revolt, revolution or rebellion, strike, or lockout.

YOUNG LEADERS' PROGRAM (YLP) STUDENT (LAW)

I OUTLINE

1. Objectives
   The Young Leaders' Program (YLP) aims to contribute to the fostering of future national leaders in Asian and other countries. Moreover, the YLP seeks to contribute to the establishment of friendly relations among various countries and to improve policy planning activities by forming a network among national leaders thorough the deepening of their understanding of Japan. The YLP is one of the Japanese Government (MEXT*) Scholarship Programs.
   *MEXT: Ministry of Education, Culture, Sports, Science and Technology

2. Eligible Participants
   Participants should be legal professionals who are expected to play an active role as future national leaders in their respective countries.

3. Host University
   Kyushu University, Graduate School of Law.

4. Number of Students
   Approximately 15 students per year.

5. Recruitment and Selection
   (1) Method of Recruitment
   Recruitment will be conducted through specially designated recommending authorities. Please enquire at the Japanese Embassy in your country for further information on the recommending authorities.
   (2) Screening Procedure
   ① First screening: Call for applications, selection, and recommendation by the recommending authorities
   ② Second screening: Selection by the host university (in this case, Kyushu University)
   ③ Final screening: Final decision by the YLP Committee established by MEXT

6. Curriculum (refer to "Curriculum Guidelines" in the Appendix)
   (1) Basic Concept of YLP programs
   Each YLP course has been specially designed to contribute to the development of national leaders in various fields by seeking to take advantage of Japan's experience of exchanges with both Western and Asian countries and to establish a “human network” through education related activities.
   (2) Course Duration and Qualification
   Course duration is, in principle, one year, resulting in the conferring of a Master’s Degree in Law from Kyushu University.
   (3) Language
   All classes will be conducted entirely in English.

7. Commencement of the Program
   October 2027

II INFORMATION FOR APPLICANTS

MEXT will offer scholarships to foreign students who wish to study in Japanese universities as YLP students in law for the academic year 2027 under the Japanese Government (MEXT) Scholarship Program. The application conditions are described below.

1. Field of Study

   Law (Kyushu University, Graduate School of Law)

2. Qualifications

(1) Nationality: Applicants must be nationals of a country that is participating in the YLP (see above). An applicant who has Japanese nationality at the time of application will not be eligible. However, persons with multiple nationality who hold Japanese nationality and whose place of residence at the time of application is outside of Japan are eligible to apply as long as they choose the nationality of the other country and renounce their Japanese nationality by the time they apply for a visa.

(Note) In this case, as proof of renunciation of nationality, applicants must submit official documents issued by public institutions, such as a certificate of removal from the family register (joseki tohon) or a notice regarding renunciation of nationality issued by the Ministry of Justice, at the time of visa application.

(2) Age: Applicants must be, in principle, under 40 years old as of 1st October 2027 (i.e. born on or after 2 October 1987).

(3) Academic background: Applicants must be college graduates who attained a high level of academic achievement in their undergraduate study.

(4) English ability: A minimum TOEFL-iBT score of 4.5, or IELTS score of 6.5 or equivalent.

(5) Work experience: In principle, 4 years of work experience from the time of university graduation to the time of application. The work experience must be in the applicant's home country in a law office or in the legal section of a company or government department, and the applicant will continue to be employed at the same place of employment at the time of application and for the duration of the program. The work experience must also be full-time and continuous after graduation from university.

(6) Health: Applicants must be judged to be physically able to pursue study in Japan by an examining physician, who must issue a prescribed certificate of health for the applicant.

(7) Arrival in Japan: In principle, applicants must be able to arrive in Japan during the period specified by the accepting university, usually within two weeks before or after the first day of the course conducted by the accepting university. If the applicant cannot arrive in Japan during the specified period for personal reasons, travel expenses to Japan will not be paid.

(8) Visa requirement: Applicants are required to newly obtain a “Student” visa at the Japanese diplomatic mission located in the applicant’s country of nationality (in principle, at the embassy or consulate with jurisdiction over their place of residence) before traveling to Japan, and then enter Japan with the status of residence of “Student.” Please note that if you do not newly obtain a "Student" visa as a MEXT Scholarship student and do not acquire the status of residence of “Student” upon entry into Japan, your scholarship will be suspended. In case the applicant resides in Japan for exceptional reasons before acceptance, the applicant must change or renew his/her status of residence to that of “Student” by the end of the month prior to the month of the first scholarship payment installment.

In addition, it must be understood that the applicant’s original status of residence such as "Permanent Resident" or "Long-term Resident" might not be necessarily regranted after the expiration of the status as a MEXT Scholarship student.

(9) Return to home country and resumption of work after the scholarship period: In accordance with the objectives of the YLP, after the scholarship period, applicants are expected to make efforts to build friendly relations among various countries, including Japan, by creating human and intellectual networks among leaders in countries across the world. To this end, applicants should, in principle, return to their home countries by the end of the final month of the scholarship period and resume their work at the recommending authority or the organization designated by the recommending authority, among others.

(10) Non-Eligibility: Applicants who fall under any or all of the following categories are not eligible. If identified as doing so after acceptance of the scholarship grantees, the applicant will be required to withdraw from the

scholarship:

① Those who are military personnel or military civilian employees at the time of their arrival in Japan or during the period of the payment of the scholarship;

② Those who cannot arrive in Japan by the last date of the period designated by the accepting university;

③ Those who are already enrolled in a Japanese university or other institution with a residence status of "Student" or who are going to be enrolled, or plan to enroll, in a Japanese university or other institution as a privately-financed international student from the time of application to the MEXT Scholarship program in the applicant's country until the commencement of the period for payment of the MEXT Scholarship. However, this stipulation does not apply to privately-financed international students who, even though they are enrolled, or are planning to enroll, in a Japanese university, are certain at the time of the scholarship application to complete their studies and to return to their home country (leave Japan) before the start of the scholarship payment period, and newly obtain a "Student" visa as a MEXT Scholarship student and acquire the status of residence of "Student" ;

④ Those who are currently also applying to another program under the Japanese Government Scholarship system. This includes the programs for which scholarship payments will begin in FY2026, although their final selection results have not been decided yet, and the programs for which scholarship payments will begin in FY2027;

⑤ Those who are planning to receive other scholarships or fellowships from the Japanese government, a Japanese government-related organization or others after the start of the scholarship payment period;

⑥ Holders of Japanese nationality, or dual nationality with Japan, who cannot provide proof of having renounced their Japanese nationality when applying for a visa;

⑦ Those who change their residence status to that of other than "Student" after their arrival in Japan;

⑧ Those who plan, from the time of application for the MEXT scholarship program, to engage in long-term research (such as fieldwork or internship) outside Japan or plan to take a long-term leave of absence from the host university.

3. Period of Scholarship

One year from October 2027 to September 2028.

4. Scholarship Benefits

(1) Allowance: 242,000 yen per month. Due to the situation of the Japanese Government's budget, the amount of payment may be subject to change each fiscal year. The scholarship will not be paid to a grantee who takes a leave of absence or is long absent from the assigned university.

(2) Travel costs

① Transportation to Japan: In principle, MEXT stipulates the travel schedule and route, and provides an economy-class airline ticket from the international airport nearest to the grantee's home address (in principle, the country of nationality) to the Fukuoka International Airport. The grantee shall bear at his/her own expense all costs related to domestic travel from his/her home address to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within Japan (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc. The grantee shall also bear at his/her own expense travel and lodging costs incurred in a third country in case there are no direct flights from the grantee's country of nationality to Fukuoka International Airport. In such cases, MEXT will provide an economy-class airline ticket from the grantee's country of nationality to the said third country, and from the third country to an international airport in Japan used on the normal route to the host university. The present address in the country of the grantee's nationality stated in the application form is in principle regarded as the recipient's "home address". If, however, the address stated in the application form will be changed at the time of leaving from his/her country, the changed address will be regarded as the "home address". For cases of travel to Japan from a country other than the grantee's country of residence due to the grantee's personal circumstances, MEXT will not provide an airline ticket. If a grantee will arrive in Japan before or after the specified period stated in "2. (8) Arrival in Japan", travel expenses will not be paid.

② Transportation from Japan: Based on the application by the grantee, MEXT will provide an airline ticket to grantees who shall graduate from the accepting university and return to the home country by the end of the final month of the period of scholarship (See "3. Period of Scholarship") designated by MEXT. MEXT, in principle, shall provide an economy-class airline ticket from the Fukuoka International Airport to the international airport (in principle, in the country of nationality) nearest to the returning grantee's residence. The grantee shall bear at his/her own expense all costs related to travel from the grantee's residence in Japan to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within the country of nationality (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc.

(3) Education Fees:
Fees for the entrance examination, matriculation and tuition are waivered.

(4) Accommodations: Students can apply for a room at a Kyushu University accommodation. (Please note that the number of rooms is limited and successful candidates are not guaranteed a room.)

5. Suspension of Payment of Scholarship

Payment of the scholarship will be stopped for the reasons given below. Should any of the following reasons apply, the grantee may be ordered to return a part of, or all of, the scholarship paid up to that time. Payment of the scholarship may also be stopped during the period up to the decision on the disposition of the matter.

① A grantee is determined to have made a false statement on his/her application;
② A grantee violates any article of his/her pledge to the Minister of Education, Culture, Sports, Science and Technology;
③ A grantee violates any Japanese laws and is sentenced to detention for an indefinite period or for a period exceeding 1 year;
④ A grantee is suspended from his/her university or receives other punishment, or is removed from enrollment as a disciplinary action in accordance with school regulations of the accepting institution;
⑤ It has been determined that it will be impossible for a grantee to complete the course within the standard time period because of poor academic grades or suspension or absence from the university;
⑥ A grantee came to Japan without newly obtaining a "Student" visa as a MEXT Scholarship student and acquiring the status of residence of "Student", or his/her residence status changed to one other than "Student";
⑦ A grantee has received another scholarship (a scholarship or fellowship from the Japanese government, a Japanese government-related organization or others) not approved for acceptance in conjunction with the MEXT Scholarship;
⑧ The request from the government and/or other state institutions of applicant's home country.

6. Selection

(1) Based on the recommendation of authorities, the participating university will select initial candidates from among applicants by means of an interview, a review of the submitted documents and a short essay. If it is not possible to hold an interview in the applicant's home country, an interview may be conducted by telephone or the Internet.

(2) Those who have been selected initially by the participating universities will be put forward to the YLP committee established by MEXT for the final selection.

(3) The final result will be notified to applicants through the Japanese Embassy/the recommending authorities. The reasons for the results will not be disclosed.

7. Education at University

All lectures and practical training at universities will be conducted entirely in English.

8. Application Procedure

Applicants must submit the following documents to their recommending authorities by the designated deadline. (Please note that submitted documents will not be returned.)

(1) ①Application for Admission (prescribed form) ---- 1 original and 1 photocopy (except photographs);
(2) Photographs (6 x 4 cm, taken within the past 6 months, should be affixed on each of the 2 application forms) ---- 2 originals;
(3) ②Official Transcript or Certified Academic Record issued by the university the applicant attended ---- 1 original and 1 photocopy;
(4) ③Recommendation Letter from the recommending authority ---- 1 original and 1 photocopy;
(5) ④Two Recommendation Letters from the employer and/or from the supervising professor of the university the applicant last attended (prescribed form) ---- 1 original and 1 photocopy;
(6) ⑤Certificate of Health (to be issued by the medical institution designated by the Japanese Embassy) ---- 1 original and 1 photocopy;
(7) ⑥A Copy of the Official Diploma or Certificates of Graduation from the university the applicant last attended ---- 1 original and 1 photocopy;
(8) ⑦An Essay explaining applicant's future plans after the completion of the YLP program ---- 1 original and 1 photocopy;
(9) ⑧A Copy of the applicant's family register, photocopy of passport or certificate of citizenship (any of these)---- 2 photocopies;
(10) ⑨English Proficiency Certificate (TOEFL or other equivalent test score.) ---- 2 photocopies;
(11) ⑩Answers to each of the designated essay questions ---- 1 original and 1 photocopy;
(12) Others

1. Use A4 paper as the standard for all submitted documents, which in principle should be typed. Handwritten documents should be written clearly.
2. These documents should all be written in English. If written in another language, attach an English version translated by an official organization. Caution about this requirement is necessary as many applications are not written in English and do not come with an English translation, particularly recommendation letters and diplomas.
3. Recommendation letters written by a workplace supervisor or an academic advisor from one's university should be written by two separate persons and must use the stipulated format. At least one and preferably two should be written by your direct supervisor or superior at work.
4. The reason for application and future plans will be important factors in the selection, so you are requested to submit an essay of three pages explaining in as much detail as much as possible what you expect from this program and what kind of job you seek in the short- and long-terms.
5. If you submit test English proficiency scores from TOEFL or IELTS, please submit scores obtained roughly within the past two years. If you submit other certifications, please submit documents illustrating how to convert the score to TOEFL or IELTS.
6. If you have written or published a book or a dissertation, submit a separate summary or abstract.
7. Your application may be rejected if the submitted application is either incomplete or inaccurate, or if some documents are missing.
8. Write the numbers ① through ⑩ in line with the item number for the items above on each document in the upper right corner.
9. If there is a change in your health condition (including any serious changes relating to your life plan) after you have submitted your health certificate, please promptly notify the Japanese Embassy of the details since it concerns the acceptance system of the accepting university and Japanese medical institutions.

9. Unavoidable Circumstances

In the event of unavoidable or unforeseen circumstances, the Japanese Government reserves the right to change or cancel the arrival date, scholarship, and contents of the application guidelines here within, at any time before or after notification of the results of the final selection.

Unavoidable circumstances are defined as events whose effects could not reasonably be prevented or controlled by MEXT or the Ministry of Foreign Affairs (including embassies and consulate generals of Japan) including, but not limited to, acts of God, acts of government (including a local government, hereafter referred to as government), acts of government authorities (including limitations on travel or immigration enacted by the Japanese government or other foreign countries' government due to the outbreak of infectious disease),

compliance with law, regulations or orders, fire, flooding and torrential rain, earthquakes, acts of war (regardless of a declaration of war), revolt, revolution or rebellion, strike, or lockout.

10. Notes

(1) The grantees should learn, before departing for Japan, the Japanese language and acquire information about Japanese weather, climate, customs, university education, and conditions of the university to be attended in Japan, as well as about the difference between the Japanese legal system and that of his/her home country.

(2) As the first installment of the scholarship payment will be made from one month to one and a half months after the grantee's arrival in Japan, the grantee is recommended to bring at least approximately US $2,000 with him/her to Japan to cover immediate living expenses and other necessary expenses.

(3) The scholarship payments will be transferred to the bank account at Japan Post Bank (JP Bank) opened by each grantee after the arrival in Japan. MEXT will not transfer the scholarship payments to other accounts.

(4) Grantees who have tested positive for an infectious disease including tuberculosis following a medical exam must be treated before arrival in Japan. Grantee's arrival in Japan will not be approved if he/she is not fully recovered by the time of arrival.

(5) Grantees must enroll in the National Health Insurance program (Kokumin Kenko Hoken) upon arrival in Japan.

(6) It is suggested that grantees acquire an "Individual Number Card (My Number Card)" upon arrival in Japan.

(7) Information regarding the MEXT Scholarship recipient (name, gender, date of birth, nationality, accepting university/graduate school/undergraduate school, field of specialty, period of enrolment, career path after completion of scholarship, contact information [address, telephone number, e-mail address]) may be shared with other relevant government organizations for the purpose of utilization by overseas students programs implemented by the Japanese Government (support during period of study in Japan, follow-up survey, improvement of the overseas student system).

Information regarding MEXT Scholarship Students (excluding date of birth and contact information) may be included in publicity materials prepared by the Japanese Government for promoting the acceptance of overseas students in Japan, particularly in order to introduce former MEXT Scholarship Students who are playing active roles in countries around the world.

These terms and conditions are included in the Pledge stipulating rules and regulations which MEXT Scholarship recipients must comply with and submit when they have been granted the Scholarship. Those who consent to this treatment will be admitted as MEXT Scholarship Students.

(8) In principle, receiving another scholarship from an organization (including a government organization of the home country) other than the Japanese government (MEXT or other Japanese government organization) is permitted. However, applicants should consult with the Japanese Embassy in the home country in advance, since some scholarships may not be combined.

(9) If an applicant is judged not to meet the conditions for landing in Japan, he/she may be rejected.

(10) The English texts attached to the Application Guidelines and the Application Form are for complementary use only. English expressions do not change the Japanese content.

(11) If there are any questions about the content of the written text in this Application Guideline or any other matters, applicants/grantees should inquire at the Japanese Embassy in the applicant's country and follow their instructions.

(12) In addition to the regulations stipulated in this Application Guideline, any regulations that are necessary to implement for the Japanese Government Scholarship programs shall be determined by the Japanese Government.

(13) Accompanying dependents: The grantee must bear all expenses incurred by the presence of dependents. YLP scholarship recipients are, therefore, advised to carefully consider the various difficulties that may be involved in finding suitable living arrangements in Japan. Therefore, those who want their dependents to accompany them are strongly recommended to come alone to Japan first and have their family join them later after all necessary arrangements have been made.

Young Leaders' Program (Law)
Kyushu University

I Overview

The YLP in Law at Kyushu University offers a broad curriculum covering all major fields of law with a particular focus on international economic and business law. The program has been specifically designed to expose students to both theoretical and practical perspectives on a wide range of contemporary legal issues.

Courses taught within the framework of the YLP focus on "cutting-edge" topics driven by the research interests of an international faculty, as well as more foundational courses. As such, the program aims to provide students with the necessary intellectual skills for pursuing a law-related career in an increasingly global economic environment.

II Participants

As a one-year Master's program in law, this course is primarily geared towards persons who have worked in the legal department of government ministries or private-sector businesses, as well as judges, public prosecutors, lawyers and other law-related professions (at least 4-year work experience). In particular, the program is suited to lawyers or government officials working on international trade issues or commercial transactions.

III Curriculum

All students must complete a one-year program of study comprising coursework and a thesis.

The following classes are offered within the framework of the YLP. (Please note that the following is a list of recently conducted courses and is subject to change and review.)

(1) Core Classes

- Transnational Commercial Law and Foreign Investment Law

For an up-to-date list of classes, see: *http://www.law.kyushu-u.ac.jp/programsinenglish/.*

In addition to coursework, students are expected to complete a Master's thesis (50 pages minimum). The thesis may be written on any law-related topic approved by the Faculty.

IV Internships

Students are provided with various internship opportunities at law firms and/or large corporations.

These internships provide students with the unique opportunity to experience international commerce and legal practice in Japan.

V Fukuoka & Kyushu University

Located in the heart of East Asia, midway between Tokyo, Shanghai and Seoul, Fukuoka is the largest city in Kyushu, the southernmost of Japan's four main islands. It is a thriving modern metropolis that has not sacrificed its unique local character and charm. Historically known as Hakata, it has long been one of Japan's key ports for commerce with the rest of Asia, and today the spirit of Hakata lives on, for the growing continental ties of recent years have enabled the city to establish itself as a major regional center.

Newsweek has named Fukuoka as one of the "Ten Most Dynamic Cities" in the world, identifying an energetic regional economy, excellent infrastructure, and the proximity and openness to Asia as key features behind its continued growth. The *Financial Times* reported a survey of world cities that ranked Fukuoka as the 17th most livable city in the world, and awarded the city a special commendation for its downtown district.

Kyushu University is the largest university in Kyushu and one of the most prestigious national universities in Japan. Founded in 1911 as one of seven original Imperial Universities, it continues to be a focal point for academic and educational excellence. Graduate study in Kyushu University provides well-motivated students with the opportunity to study in a dynamic academic atmosphere and to enjoy life in one of Japan's fastest growing cities.

And yet, perhaps the most important feature of Fukuoka for the foreign resident is its people. Known throughout Japan for their friendliness, the people of Fukuoka have long enjoyed good relationships with visitors from abroad. For the foreigners living among Fukuoka's 1.7 million residents, life is both comfortable and stimulating.

Essay Questions (Law)

As part of the application process you are required to submit a Statement of Purpose. This statement will provide the Admissions Committee with more detailed information about you and your reasons for applying to the Young Leaders' Program in Law. The submission offers you the opportunity to present yourself more fully to the Committee and provide us with greater information on your candidacy.

The submission must be typed. Please use A4 sized paper or 8 1/2" x 11" paper. Limit your responses to the maximum number of words designated for each question. Use standard double spaced lines with a 12 point font. Your name should appear at the top of each separate sheet of paper. The number of the question should also be clearly written. Staple the pages together and submit them along with other application materials.

Please answer **ALL** of the following questions:

1. As a YLP student, you would be expected to write a 50 pages Master's thesis in an area of international economic and business law or comparative law. Please write a short research proposal for your thesis describing the issues you would like to research. It might also be helpful to know how researching this topic might contribute to your long-term career plans (max. 800 words)

2. Please provide an example of (i) a new law that has been recently enacted in your county OR (ii) an important court decision recently made in your country. Please describe the background and main features of the new law OR decision, as well as your opinion on the matter. Please feel free to choose an example from any field of law. (max. 800 words)

3. Include any further information about yourself that you feel may be relevant to the Admissions Committee when considering your application. (This might include other relevant professional experience, academic publications, prizes, scholarships awarded, membership of professional societies, as well as any other significant personal achievements). (max. 600 words maximum)

Please note, the submission must address the above issues specifically, and must be solely the product of your own efforts. We reserve the right to disqualify any statement written by, or with the help of, someone other than the applicant.

Recommendation Form

To the Applicant

Please complete only the top portion of this form. Your recommender should complete the rest of the form.
